

Your First Step can start
at your Dining Room Table

Digression #5: Home Schooling

Helping your children escape the Clutches of
compulsory Mediocrity — today's U.S. Schooling

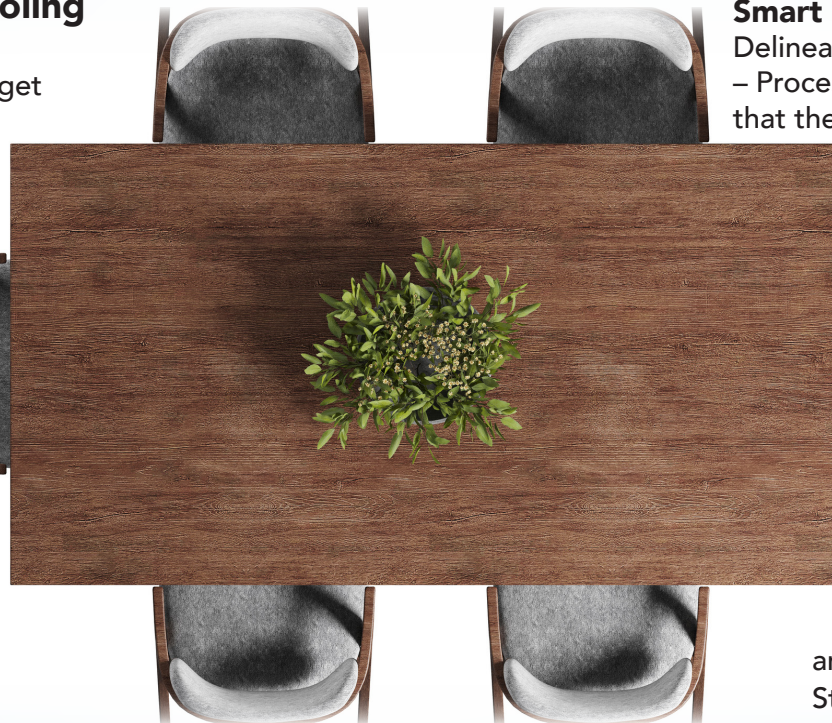

New State Home Schooling Funding Options —

make it possible for Moms to get
funding for home schooling
and keep their outside jobs
with a simple adjustment of
working hours.

Since Retrac.com

is essentially DIY
and *Virtual*, a group
of Moms can form
their own school
and shift the teach-
ing responsibilities
around quite profitably and
have their children/students
out-score their local school's
academic achievements quite
significantly.

On standardized tests, Home
Schooled students should beat
U.S. Schooling-taught students
by about 40% while mastering
"The Art of Being Smarter".

Smart People can Describe + Define +
Delineate + De-construct => Procedures
– Processes – Problems – Challenges so
that they can be incrementally improved
– resolved or remedied
Collaboratively + cost-efficiently
+ ASAP. *Everyone is eligible!*

Smart People
have A.I. Prep
Certification and/or
Degrees of Strategic
Adaptability and/
or Degrees of
Contextual Intuition

— and the tangible References
to-prove-it. Plus, have superior
personal references for
Tutoring Groups and generating
an additional FT/PT Revenue
Stream (to \$120/hr).

In addition, the Road to PerspicaCity that
crosses the **Bridge of A.I.** to PrecoCity, where
Smart People live and work — is well-paved,
well-lighted and well-marked + accessible and
affordable here at **Retrac.com**.
