

# Resurrecting America's Promise

*The last Justice of the U.S. Supreme Court to read/comprehended/comply-with the U.S. Constitution, as-written, was Chief Justice Earl Warren. He stated, "Equal is unconstitutional."*

**"None of the members** of the current U.S. Supreme Court, the U.S. Congress, or POTUS and Cabinet seem to comprehend that the U.S. Constitution, as-Written and Amended, is the-Law of our-Land and is a-Contract that cannot be uniquely amended by Statute or States, or parsed by the U.S. Supreme Court. (So says each State's Contract of Affiliation to-be a member state of the United States of America — to form a more perfect Union —according to the U.S. Constitution.)

The failure of America's Promise is due-to-the-fact that none of the above are taught in any U.S. University or U.S. Secondary or post-Secondary schooling. The Resurrection of America's Promise is strictly a **DIY On-the-Fly** Process only available via Artificial Intelligence + Google's Syntopicon Directory => DIY.

**Are-you-ready-to Resurrect America's Promise for Yourself? Your Children? Your Grandchildren?**

Twelve score and seven years ago our fathers brought forth on this continent, a new nation, conceived in Liberty, and dedicated to the proposition that all men/women are created equal (before the Law) and should be treated **equitably** => **America's Promise!**

Today we are engaged in a great Civil War, testing whether our Nation, or any Nation so conceived and so dedicated, can long endure. It

is for us, the living, to be here dedicated to the great-Task before us -- that our Nation shall have a new birth of freedom and that government of the people, by the people, for the people, shall not perish from the earth. Or -- the Church of England and ignorance will have succeeded where the British Military and Force failed.

**In the 21st Century**, America's Promise of **"Life, Liberty and the pursuit of Happiness"** is being replaced by Religious Fascism (aka: *Self Proclaimed Christians*) and Financial Fascism (aka: *Capitalism*) and Academic Fascism (*degrees of incompetence*) from U.S. Universities and their progeny — U.S. Elementary and Secondary Schooling.

U.S. Schooling's Modus Operandi (MO), driven-by Cognitive Intelligence — tempered on academia's anvil of self-serving self-interest, while feeding at the Public Trough — has-laid/is-laying the foundation for Political Rancor, Cultural Anarchy, and Economic Fascism, and the-demise of America's Promise — as the rising of American's Mental Health issues and their resulting rancor, obesity and Drug use, so testify. (The insatiable demand for Drugs in the USA is so wide-spread that drug dealers don't care that cutting their Drugs with Fentanyl is killing off their customers. In 2023: 112,000 OD deaths in the USA.)

Americans are standing on the crumbling edge of a Social – Cultural Political – Health – Financial

## Resurrecting America's Promise

— *as-Written* — in the U.S. Declaration of Independence + **Codified** in the U.S. Constitution + based-on the-Teachings of Jesus Christ as presented in Jefferson's Bible.

Abyss and the-demise of America's Promise, and don't seem to know how they got there or what to do about it. The answers are not written in the Wind, although they can travel through the Air. (Cellular, WiFi, Blue Tooth, etc.)

**Digital Transformation** + the Internet + the World Wide Web + StarLinks have triggered the 4th Industrial Revolution and its Prodigy the 6th Intellectual Reformation that-are/will-be driven-by Artificial Intelligence and its accelerating Augmented Reality, while evolving exponentially faster than anything ever experienced by Mankind.

Evolution is challenging America's Moral Imperatives and Ethical Obligations. So says our national epidemic of retail theft + our politicians, corporations, news media ignoring the 9th Commandment + the 40%+ students' average daily absenteeism from our public schools + where Cultural Special Interests have buried **"Duty, Honor, Country"** under the Sands of another Time.

## Where there is a-Will there is a-Way.

DIY On-the-Fly + Evolving-A.I. can give each-of-us a Way To-choose To-be **Indispensable** and **independent** (choose our own aspirations) in the U.S. 21st Century Age of Automation Workforce, while helping to restore America's Industrial / Commercial Competitive Capabilities by converting the USA's Trade Deficit into a Trade Surplus, and resurrecting America's Promise.
