You may want to consider joining our Volunteer **i4A Advisory Committee** whose members Read and Critique individual Sections of **Rerac.com** to see if they think the Section is sufficiently DIY = obviously-useful and can-be used **FREELY**.

Individual Critiques can earn **Free** tickets to our "**Sunday Gatherings**" if they include empirical suggestions for change.

Empirical Solutions tend-to follow Horace Greeley's (1860) advising young people to **move West for opportunity** and "**grow up with the country**" — Now **The West** is the birthplace of the Roots, Resurrection and Rebirth of U.S. Globally competitive **Capabilities** and **Competencies**.
