

LEVEL 1: Build your-own Story Board (5 Steps)

A Story Board is the visible representation of *The Story* of how-to-get where we-want-to-Go. Then, posting that visible representation on a Wall where we can see it — often. Posting helps us stay-focused, adjust to the implications of relational Reality, and can accelerate our Progress.

Your Story Board — creates a visible *Profile of your Aspirations* and How-to achieve them, in your own words. It also develops your *contextual Intuition* as to what may-or-may-not-be in your own best-interests.
